

Well it's me again for an update. I've heard that if you don't have a lot of information bad information fills the void. I'd like to avoid that at all costs. As I've said before I am on the phone daily for information regarding the pandemic. The new news is that all non-essential businesses will remain closed. The local food establishments are only open for take outs. Grocery stores, convenient stores, gas stations, pet stores, repair shops and liquor stores can remain open. Luckily that covers most of our small businesses. Social distance is still our best defense against this virus. There has been a lot of misinformation on the social media so please use this site and Nixle for all your local information. Borough hall will be closed until April 6 for now. If you do require something from there, please call first. DPW will be picking up lawn debris next week and recycling will also be working.

You are very important to me. Be careful and be safe.

Thank you,

Mayor Chris Shoffner
