SOUTH BOUND BROOK BOROUGH ENGINEER

RE: 2021 ROADWAY IMPROVEMENTS
NEW JERSEY DEPARTMENT OF TRANSPORTATION
FY 2020 & 2021 MUNICIPAL AID PROGRAM
SOUTH BOUND BROOK, NEW JERSEY
OUR FILE: PSB00605.01

Please be advised that on or about Wednesday, December 1, 2021, weather permitting, drainage improvements and concrete work will commence on High Street as part of the above referenced project. The work will include the removal and replacement of concrete curb and gutter, removal and replacement of concrete sidewalk and aprons, connection to existing storm sewer roof leaders and/or sump pumps that discharge into the roadway into the existing storm sewer system, and driveway restoration. Asphalt milling, road reconstruction and installation of a new asphalt surface course will be performed at a later date. This office will provide further notification once work is scheduled.

Our office will have a representative on-site during construction to monitor the work of the Contractor, Black Rock Enterprises, LLC (732-967-6400). We will attempt to coordinate any work to be done in your area in order to minimize possible inconveniences.

In order to facilitate the work, we respectfully request that when possible no cars be parked on the street while the work is being performed. The Contractor will attempt to maintain at least one (1) lane of traffic at all times. However, at certain times the road may have to be closed to traffic except to those residents who live within the project limits. During this period, detours will be posted. It is expected that no work will be done on weekends or major holidays unless absolutely necessary.

On behalf of the Mayor and Borough Council, we would like to thank you for your anticipated cooperation in this matter and apologize in advance for any inconveniences that may be caused during construction.

Should you have any questions regarding this matter, please do not hesitate to contact this office at 732-727-8000.
