Dear Sir,

A group of South Bound Brook residents are voicing their concerns with the increased truck traffic, both on Elizabeth Street and Edgewood Terrace, sometimes spilling onto our residential side streets. Unfortunately, on occasion, due to the increased truck traffic, we are experiencing more property damage when the trucks become lost and leave their designated routes. The borough council is currently exploring a number of different options that may assist in mitigating these issues.

I am reaching out to you because I believe one solution may be either to improve or add signage to assist the trucks as they exit interstate Route 287 at exits 10 and 12. I understand that we may also have to involve or ask the state to assist or augment any solution concerning signage at the county or local level.

Due to the increase in warehouse construction, Amazon and Shop-Rite truck traffic, I believe that our residents concerns are justified and look forward to working with you in coming up with a solution to satisfy all parties involved.

Thank you for your attention in this matter.

Respectfully,

Jeffrey M. Titus
Chief of Police
